3 Persons of Hispanic origin may be of any race.

4 Data are on a place of residence basis.

5 Data are on a place of work basis.

6 Average wage and salary per job is calculated as total wage and salary disbursements divided by all full- and part-time wage and salary workers.

7 Excludes the self-employed, farm workers, the Armed Forces and unpaid family workers.

8 Taxable gross receipts are total sales less all applicable exemptions and deductions. Deductions are designed to make the gross receipts tax reach only receipts from sales to final users.
