Where to find labor market data and LMI products

Accessing data in LASER (interactive data website)

Labor market information products available

www.dws.state.nm.us
LMI in LASER

- LASER is the system we use to deliver Labor Market Information to the public.
  - NM contracts with a national firm, Geographic Solutions, to provide this service on the Web.
  - Approximately every 18 months the system is upgraded to make use of new data sources and new technology.
  - The most recent upgrade was implemented at the end of July.
