October 6, 2016

Dear NM Community Development Loan Fund Borrower:

We are working with the Bureau for Business & Economic Research (BBER) to complete a study to measure and analyze the economic impacts of our lending activities. **The study will include loans that have been paid off during the period between 2011-2015; we would appreciate your cooperation.** The BBER has a survey with questions on employment levels, revenues, employee compensation and benefits, and other general questions about the nature of the business, and is estimated to take no more than 15 minutes to complete.

We would appreciate your help with this study. BBER will be sending the survey link in the next few days along with loan specific information. Please take the time to answer the survey completely and thoroughly following receipt of the survey link. BBER will follow-up on any un-submitted surveys. Details regarding your business will not be made available and results will be presented only as averages and totals.

For any questions please contact Julian Baca at UNM BBER (505-277-7069 or [jbaca63@unm.edu](mailto:jbaca63@unm.edu)).

Thank you in advance for your assistance.

Regards,
